

Performed By Children For Children

Allergy Aware Musical Theatre

With the use of props, puppets, speech, song, laughter and conversation. Children will learn informative facts about food allergies through humour and play.

A.S.A.P conveys the importance of knowing about food allergies, their signs and symptoms. The play is tailored towards all food allergies and how they can affect us in different ways.

It looks at the different types of reaction you might get from a reaction and how these can vary from person to person.

Let's learn about food allergies.

The fifteen causes.

Why we must not share our food with others.

What symptoms to look out for.

Why it's important to tell people you have an allergy.

The overall message that children will learn and remember.

Be **AWARE** of the **SYMPTOMS** and **ASK** someone for help, **PHONE** a doctor
AS SOON AS POSSIBLE – A.S.A.P
